

HEATHER GARTH PRIMARY ACADEMY

Dear Parent/Carer

11 May 2018

WE ARE PLEASED TO ANNOUNCE THAT WE HAVE NOW RECEIVED OUR

FREE DEFIBRILLATOR DONATED BY KOSTAL UK

Kostal UK is a local automotive company based in Goldthorpe. They were recently acknowledged for their life saving efforts that saved the life of a mum, friend and work colleague back in December 2016, when she suffered a cardiac arrest whilst at work. As a result, they realised the importance of having a defibrillator on site, and were inspired to support a local school by donating a defibrillator.

The defibrillator is situated in the school reception where it is accessible not only to school, but should it be needed, to the local community. The package includes:-

A semi-automatic defibrillator (Lifepak CR Plus)

2 Sets of adult pads

1 Set of paed pads

Rescue kit

Wall bracket and sign

Carry case

3 Hour AED course for 8 staff

Basic lifesaving skills course for our current Year 5 children

We hope that the need to use this never arises, however, as you can appreciate this is valuable lifesaving equipment which the school is very grateful to accept.
